

Partnerships with other Nursing Programs

Texas A&M health Science Center College of Nursing (TAMHSC)-College Station
Blinn College, Prairie View A&M

Students who complete the ADN program at Blinn may enter the RN -BSN program at TAMHSC. A streamlined degree plan allows RNs to complete the program in 12 months once they have completed the Texas A&M core courses.

TAMSCH, Blinn College, and Prairie View A&M have also partnered for clinical site utilization. This allows for the identification and most effective utilization of clinical space.

Approximate cost of implementing and maintaining partnership: N/A

Grant monies used: N/A

Expected benefits from partnership: increased enrollments

Challenges from partnership: None listed
